Low Level Mobile Drainer 200l

Part. No: 436 200

DESCRIPTION

Mobile device for waste oil floor draining with a storage capacity of up to 200 litres.

This drainer unit is mounted on a trolley with four swivel wheels for easy handling and also incorporates a brake on one of the wheels for added convenience.

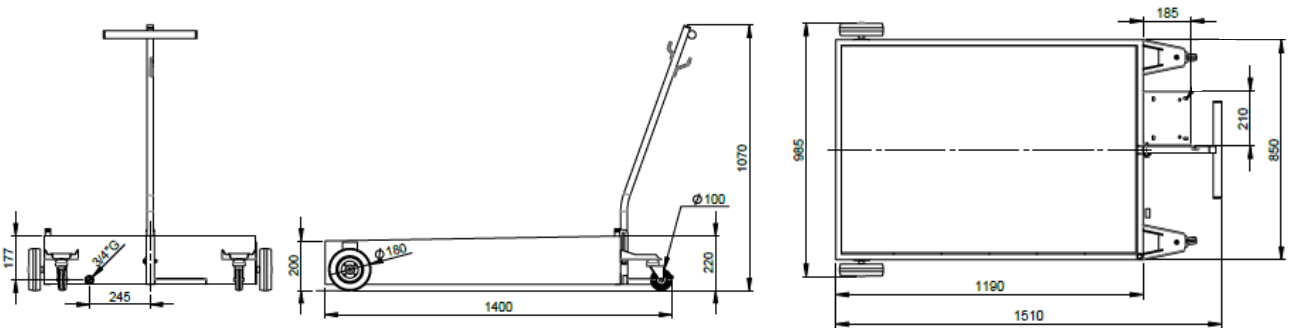

It has a metal grid system to retain impurities and the robustly designed handle allows for three possible positions to ensure ergonomic use.

It incorporates a bracket compatible with the connections required to use it with a UP05 diaphragm pump and two discharge modes: by gravity and by suction with a 3/4" connection.

TECHNICAL SPECIFICATIONS

Type	Gravity collection
Compatible fluids	Waste oil
Capacity	200 l
Draining connection	3/4" M
Weight	49 kg
